- ✔ The Sophas system is available **already for 10 years!**
- ✔ There were many improvements during this period, but it is always focused to be **simple, well-structured, universal, fast and reasonably priced.**
- ✔ More than 30 licenses are now working in many international companies - insurance companies, financial groups, regulators, auditors and actuarial consultants.
- ✔ Sophas demoverion is now possible to download at [www.sophas.eu](http://www.sophas.eu) and [www.tools4f.com](http://www.tools4f.com).
- ✔ **Special free workshop will be held on 26th November 2013 in Pardubice.**
- ✔ New Sophas version is planned for the year 2014 where other more advanced and useful features will be included.
